### 2. Data Collection

***General Information We Collect and How We Use It***

We collect Visitor Information when you use our Site. Sometimes you may submit it to us yourself, other times it may be collected automatically. Our handling of your Visitor Information is generally limited to processing product information requests, addressing warranty-related issues, and handling and resolving general inquiries. You are not required to provide KMT the personal data that we request, but if you choose not to do so, we may not be able to provide you with our services, or with a high quality of service or respond to any inquiries you may have.

### **Information Collected When You Use Our Site**

Your Visitor Information may be collected, used, and shared. As detailed below, the type of Visitor Information collected may vary based on how it was gathered, but may include, among other things, your name, email address, phone number, address, job title, education history, and other information that you voluntarily submit (e.g., when you submit information via our 'Contact Us' webpage or when you 'Request a Quote'), information automatically collected about your usage of our Site that does not include personally identifiable information (e.g., the content that you choose to view and how you interact), and information about you that third parties may share with us if such third parties have previously received your consent to do so. In general, your Visitor Information means any information that identifies, relates to, describes, references, is reasonably capable of being associated with, or could reasonably be linked, directly or indirectly, with a particular consumer, household, or device. It does not include (i) publicly available information from government records; (ii) de-identified or aggregate information; or (iii) certain other personal data protected by other sector-specific state or federal laws.

Moreover, we automatically collect certain information when you visit, use or navigate the Site. This information does not reveal your specific identity (like your name or contact information) but may include device and usage information, such as your Internet Protocol (IP) address, browser and device characteristics, operating system, language preferences, referring URLs, device name, country, location, information about how and when you use our and other technical information. This information is primarily needed to maintain the security and operation of our Site, and for our internal analytics and reporting purposes.

Most web browsers, and some mobile operating systems and mobile applications, include a Do-Not-Track ("DNT") feature or setting you can activate to signal your privacy preference not to have data about your online browsing activities monitored and collected. At this stage, no uniform technology standard for recognizing and implementing DNT signals has been finalized. As such, we do not currently respond to DNT browser signals or any other mechanism that automatically communicates your choice not to be tracked online. If a standard for online tracking is adopted that we must follow in the future, we will inform you about that practice in a revised version of this Privacy Policy.

KMT does not collect or process any data on the Site regarding the following: race or ethnic origin; political opinions; religious or philosophical beliefs; trade union memberships; genetic or biometric data; health or mortality; or sexual orientation.

We may collect several categories of information from and about users of our Site, including:

- **Non-Identifying Information** – We collect information that is about you but does not individually identify you, such as aggregate information about pages visited, length of time spent on our Site and its webpages, etc.
- **Application Information** – If you submit an application for employment through our Site, we may collect your first, middle, and last name, home address, email address, telephone number, information about your relationship with KMT, education information, employment history information, job-related skills and qualifications, and personal/professional reference information.
- **Commercial Information** – We collect records of products or services purchased, obtained, or considered or other purchasing or consuming histories or tendencies.

You always have the option not to provide the information we request. If you choose not to provide the information we request, you can still visit the Site, but you may be required to provide your information by other means if we need such information to provide our services to you.

### **Our Third-Party Vendors**

Google Analytics is a web analysis service provided by Google Inc. (“Google”). Google utilizes the Visitor Information collected to track and examine the use of this Site, to prepare reports on its activities and share them with other Google Services. You can access Google’s privacy policy here:

<https://policies.google.com/privacy>.

Paylocity is an HR and Payroll software system designed to give employers the ability to automate this process, by investing in cutting edge features and experiences to engage employees everyday. ### **Web Beacons**

Our web pages may contain electronic images known as web beacons (invisible images often referred to as pixel tags or clear GIFs) on the Site in order to recognize users, assess traffic patterns, identify preferred content, and measure Site engagement. We may also include web beacons in our e-mail messages in order to count how many e-mail messages have been opened, for example.

Some of these web beacons may also be placed by third-party service providers to help determine the effectiveness of advertising campaigns. These web beacons may be used by third-party service providers to place a persistent cookie on your computer. This allows the service provider to recognize your computer each time you visit certain web pages and compiles anonymous information in relation to those page views, which in turn enables us and our third-party service providers to learn which advertisements bring you to our website and how you use the Site.

### **Log Files**

Our servers log information about your IP address, your browser type, and the current URL you are requesting. This information is always provided by your browser and automatically logged. These log files are stored in a secure location and used in our internal analysis of traffic patterns.

### **Cookies and Similar Tools**

Like many businesses, we also collect information through cookies and similar technologies. A cookie is a small data file that is written to a computer's hard drive by a web browser. A cookie file can contain and/or automatically collect information, such as a user identification code or IP address that a website will use to track the pages and number of times you have visited. The data read from these cookies may be linked to personally identifying (PII) and non-personally identifying (non-PII) information. We may collect and use non-PII to help us improve our services, customize your experience and analyze use of our services. This Privacy Policy does not limit our use or disclosure of collected non-PII. We reserve the right to collect, use and disclose such non-PII to our partners, advertisers and other third parties at our sole discretion.

We and our partners may use cookies and similar technologies on the Site to personalize and optimize your browsing experience by: providing you tailored content, enabling social media features, safeguarding against spam and malware, analyzing trends, traffic, and user behavior, administering the website, gathering demographic information about our user base as a whole, tracking web and advertising analytics throughout the Site, remembering preferences and voluntarily-submitted information (e.g. name, email), performing location-related functionalities and analytics, participating in market research (e.g., website ratings), and educating KMT about how the Site can continue to be improved. You may turn off cookies in your browser or have your browser warn you before accepting cookies. If you choose to turn off cookies, you may not be able to experience all of the features on our Site.

Cookies fall into the subcategories below.

***Essential Cookies.*** Certain cookies are used for specific purposes that are essential to your secure use and navigation of the Site. Without them, KMT may not be able to provide core Site functions and features to you, and the Site would not operate as well as you or KMT would like. These cookies collect and use information such as your server preferences, single-session data and corresponding identifier, web beacons and log files, and other credential-related information. Essential cookies also help inform KMT whether you require, or have already been served, an affirmative consent request in connection with our data policies. Essential cookies also include

analytics cookies, which provide us data that allows KMT to better understand its users and improve the Site based on what we have learned from that data.

***Preference Cookies.*** Other cookies are used to collect and process information about your preferences and similar choices in connection with the Site in order to optimize your browsing experience. Preference cookies include social media cookies, which collect information about your social media usage and other data you may have provided in connection with such usage (if you access the Site through a social media website or mobile application, you may have social media cookies). If you wish to modify or change your social media cookies, please visit the appropriate social media website and review the settings related to your applicable social media account(s).

***Advertising Cookies.*** To help support the Site and further tailor your experience, KMT and certain of our third-party providers may also use cookies on the Site to personalize the content you may be shown. Some advertisements may use advertising cookies to provide targeted advertisements that may be more consistent with your interests than non-targeted advertisements. KMT does not provide user information to third parties except in connection with the Site or as required by law.

## **Analytics**

Services providing analytic tools (“Analytic Services”), including without limitation Google Analytics®, may be used with the Site which transmit website traffic data to servers in the United States. Analytic Services do not collect personal information, identify individual users, or associate your IP address with any other data. We do not share any personally identifiable information with our Analytic Services in connection with their performing of any services on our Site. We use reports provided by Analytic Services to help us understand website traffic and webpage usage. Each of these services has their own privacy policy that you should refer to.

## **Third-Party Websites**

The Site may contain links to websites not owned or controlled by KMT. We do not have any control over these third-party websites and do not endorse them. We encourage you to be aware of third-party websites and their privacy policies, as we are not responsible for privacy policies or practices of third-party websites. Please review the privacy policy of each website you visit before you submit any personal information to any of these websites.

## **3. Data Usage**

### ***Use of Your Information***

We collect, process and disclose your Visitor Information only for specific and limited purposes. For example, to respond to inquiries received from the use of any contact forms on the Site, to assess and handle any complaints, to process orders and provide services, and to develop and improve our services, communication methods and the functionality of our Site.

Our primary goal in collecting, using, and sharing Visitor Information is to enhance your experience on the Site, support the Site, and improve its features, performance, and other elements. We will not use your Visitor Information without a valid legal basis to do so, and we will only process your Visitor Information in a way that is compatible with and relevant to the purpose for which it was collected and authorized.

Your Visitor Information may be used for the purposes outlined below.

#### **To Facilitate and Improve Our Services**

To respond to general inquiries and to provide customer support when needed, we collect and/or use Visitor Information, including your first and last name, and email address. Additionally, your Visitor Information may be used to present the Site and its content to you, request feedback, and for any other purpose with your consent.

#### **To Provide Communications to You**

From time to time, we may provide e-mails highlighting new features, promotions, or content on the Site to those users who have expressly provided us with their permission to send such communications. For instance, we may communicate with you by email in response to your inquiries or send you service-related announcements based on Visitor Information you provide to us. We may also use your Visitor Information to send you updates and other promotional communications with your consent. If you no longer wish to receive email updates, you may opt-out at any time by following the instructions included in each communication (usually in the form of an “unsubscribe” link), or email us at [info@knightmaterials.com](mailto:info@knightmaterials.com) to update your personal contact preferences. Note that unsubscribing from our emails will not prevent you from receiving transactional emails relating to support, or service requests.

#### **As Necessary to Provide Information or Services**

We may occasionally hire other companies to provide limited services on our behalf, such as handling the processing of information submitted on any contact form or employment application on the Site, the delivery of any mailings or correspondence, processing transactions, or performing statistical analysis of our services (the “Provided Services”). We provide those companies the information they need to deliver the service. In some instances, these companies may collect information directly from you and you will be notified of the involvement of the external service provider. Such companies are subject to agreements that require them to maintain the confidentiality of your information and they are prohibited from using that information for any other purpose. We reserve the right to not track how you interact with any of the Provided Services.

#### **Sharing of Information**

You may be requested to voluntarily provide certain Visitor Information during your use of our Site. If you choose to do so, that Visitor Information may be shared with KMT and its affiliates as well as business partners and vendors providing hosting and other web-based services for KMT.

KMT may use third parties to provide e-mail messaging, text messaging, account management and hosting services for the Site. When you sign up for services, we will share your Visitor Information as necessary for the third party to provide that service. These third parties are prohibited from using your Visitor Information for any other purpose. If you do not want your information to be shared, you can choose not to allow the transfer of your information by not using that particular service.

#### **In the Event of Change in Ownership or Control**

The ownership or control of the Site may change at some point in the future. Should that occur, we want this Site and/or KMT to be able to maintain a relationship with you. In the event of a change in ownership,

merger, bankruptcy or change in control of KMT, your information may be shared with the person or business that owns or controls this Site. You will be notified as described below in “Changes to Privacy Policy.” Opting out of receiving information from third parties will not affect our right to transfer your information to a new owner, but your choices will continue to be respected regarding the use of your information.

### **As Required By Law**

KMT may disclose your personal information if required to do so by law, such as to comply with a subpoena or in the good faith belief that such action is necessary to conform to the edicts of the law, investigate fraud or comply with a judicial proceeding, court order, or legal process served on KMT, or to protect and defend the rights or property of KMT.

### **Legal Bases for Data Usage and/or Disclosure**

KMT will not process your Visitor Information without a lawful basis to do so. In general, KMT will process your Visitor Information on any of the following legal bases:

- **Vital Interests** – We may disclose your information where we believe the processing is necessary in order to protect your vital interests or those vital interests of another natural person.

More specifically, we may need to process your data or share your personal information in the following situations:

- **Business Transfers** – We may share or transfer your information in connection with, or during negotiations of, any merger, sale of company assets, financing, or acquisition of all or a portion of our business to another company.

When we collect and use your personal data for the purposes mentioned above or for other purposes, we will inform you before or at the time of collection. Where appropriate, we will ask for your consent to process your Visitor Information. Where you have given consent for processing activities, you have the right to withdraw your consent at any time.

## **4. Data Protection**

### ***How We Protect Your Information***

KMT takes the security of your Visitor Information very seriously. We take every effort to protect your personal information from misuse, interference, loss, unauthorized access, modification or disclosure. Our measures include implementing appropriate access controls, investing in the latest information security capabilities to protect the IT environments we leverage, and ensuring we encrypt and anonymize personal data wherever possible. Access to your Visitor Information is only permitted among our employees and agents on a need-to-know basis and subject to strict contractual confidentiality obligations when processed by third parties.

Your information may be stored on servers owned and operated by KMT, its subsidiaries, and its affiliates or by cloud/software service providers (“SaaS Services”) located in the United States. Our SaaS Services are committed to: (i) using industry-standard physical, electronic, and organizational safeguards to protect information against loss or theft as well as unauthorized access and disclosure; (ii) protecting individuals’ privacy; and (iii) employing security techniques to protect such data from unauthorized access. We follow generally accepted industry standards to protect the Visitor Information submitted to us, both during transmission and once we receive it. When entering Visitor Information on the Site, look for the secure icon (typically an image of a lock) and ‘https’ designation in the address box of your browser window that indicates you are on a secure page.

However, it must be noted that “perfect security” does not exist today. If you are concerned that your privacy may have been breached, please contact us using the contact information provided at the bottom of this Privacy Policy.

## **5. Data Retention**

### ***How Long We Keep Your Information***

We will only keep your Visitor Information for as long as it is necessary for the purposes set out in this Privacy Policy, unless a longer retention period is required or permitted by law (such as tax, accounting or other legal requirements). No purpose in this policy will require us to keep your personal information for longer than reasonably necessary.

When we have no ongoing legitimate business need to process your personal information, we will either delete or anonymize such information, or, if this is not possible (for example, because your personal information has been stored in backup archives), then we will securely store your personal information and isolate it from any further processing until deletion is possible. We will actively review the personal data we hold and delete it securely, or in some cases, anonymize it when there is no longer a legal, business, or consumer need for it to be retained.

## **6. Privacy Rights and Considerations**

### ***Third-Party Policies***
